

Local Improvement District - Petition Form

Petition for Public Improvements

To the City of Colorado Springs:

We the undersigned, being the OWNERS of the property abutting, accessing or otherwise receiving a special benefit from the improvements, herein request the following:

STREET / ALLEY _____
BLOCK _____

FROM _____
TO _____

in the City of Colorado Springs, do hereby respectfully petition the City Council of the City of Colorado Springs that there be made upon aforesaid street / alley and block the following public improvement, to wit:

to include all applicable utilities and right-of-way as required.

We agree that the necessary proceedings and ordinances for the construction of these improvements may be adopted and that we will pay the assessments levied for such improvements. It is understood that the assessed costs are based on the lowest accepted bid received from contractors for the construction of the entire improvement district. The method of assessment may vary as in cases where the application of the usual "cost per front footage" formula would produce inequities. We also agree that if driveways, sewer taps, and/or water taps, or other public improvements to include right-of-way acquisition are required in connection with improvements petitioned above, the cost of the same may be required in part of the assessments. In situations involving intersections or curb and gutter on a center boulevard strip, costs may be prorated among the properties benefited.
